

Shoot Out the Lights

Saint Etienne

Who's that knocking on my door?
And who's that lying on the floor?
Driving through the pouring rain again
Romeo let's go
Shoot 'em out
Shoot out the lights
C'mon and shoot 'em out
Here comes the night
Let's make it all right
Better leave the motor on
Send a signal nothing's wrong
Jesus Christ, the radio has gone
And the shout black as night
Shoot 'em out
Shoot out the lights
C'mon and shoot 'em out
Here comes the night
Let's make it all right
Shoot 'em out
Shoot out the lights
C'mon and shoot 'em out
Here comes the night
Let's make it all right
