

I Say Yeah, You Say No

Saint Lu

Attitude, though no hairdo
That's my way, it's how I do, how I go

Prim and mute, in a ladies suit
That's your way, it's how you do, how you go

Self-distrust, date the upper crust
That's the cape that you want me to sew

That's my waist, so I wear my taste
There's no way to bring me low

I say yeah, you say no
I say proper, you say faux
Tear your hair
When I wear
What I want

I say yeah, you say no
I say rocker, you say whore
I go anywhere I want
And you don't

Meet the queen, in my outworn jeans
That's my way, it's how I do, how I go

You pick your dreams, outta magazines
That's your way, it's how you do, how you go

A guy to boast, cruisin' coast to coast
That's the cape that you want me to sew

That's my waist, so I wear my taste
There's no way to bring me low

I say yeah, you say no
I say proper, you say faux
Tear your hair
When I wear
What I want

I say yeah, you say no
I say rocker, you say whore
I go anywhere I want
And you don't
Anywhere I want
And you don't

I say yeah, you say no
I say proper, you say faux
Tear your hair
When I say and I wear
What I want

I say yeah, you say no
I say rocker, you say whore
I go anywhere I want

I say yeah, you say no
I say proper, you say faux
I go anywhere I want to
I go anywhere I want to

I say yeah, you say no
I say rocker, you say whore
I go anywhere I want
And you don't
Anywhere I want
And you don't
