

You Know, You Know

Saint Lu

Every now and then I'm feeling stuck in the middle.

All eyes on me but I play second fiddle
Unknown - note for note
In every fucking song that I wrote

And then you think its up to you to go and solve my riddle
All eyes on you that's your chance now to diddle
Me, float - away
In a boat that you, in fact, hardly made

Its always the same if no one knows your name
Everyone's a friend and we've all got one aim
But the second things are moving onto fame
Everyone's a smart ass

And you think you know
Oh, you know, you know, you know, you know, you know, you know
Which way to go
Cause you think you're soooo
Oh, you know, you know, you know, you know, you know, you know
Which way to go
Oh you're so whoa

And like when it is small, its the same when it is bigger
New in the court, you're forgetting the beggar
Although - he was the trigger
That made you wanna run the show

What goes around comes around, is making me feel better
The long-term winners are not the go-getters
who go - yeah
fucking down on everyone
who is known

Its always the same if no one knows your name
Everyone's a friend and we've all got one aim
But the second things are moving onto fame
Everyone's a smart ass

And you think you know
Oh, you know, you know, you know, you know, you know, you know
Which way to go
Cause you think you're soooo
Oh, you know, you know, you know, you know, you know, you know
Which way to go
Oh you're so

And if I feel too good I'll type my name right into google
And come up with remarks almost brutal
To read - migraine feed
I guess some guys are busy indeed!

I think its time to draw a line or I'll never get settled
I'm coming down with this treading of my treadles
and pinpricks - by pricks
chronically abusing Jimi Hendrix

Its always the same if no one knows your name
Everyone's a friend and we've all got one aim
But the second things are moving onto fame
Everyone's a smart ass

And you think you know
Oh, you know, you know, you know, you know, you know, you know
Which way to go
Cause you think you're soooo
Oh, you know, you know, you know, you know, you know, you know
Which way to go

And you think you know
Oh, you know, you know, you know, you know, you know, you know
Which way to go
Cause you think you're soooo
Oh, you know, you know, you know, you know, you know, you know
Which way to go
Oh you're so whoa
