

# Daydream / Wetdream / Nightmare

Saint Motel

It's in the ions, ions, ions, ions  
It's in the ions, ions, ions, ions  
It's in the ions, ions, ions, ions

I could die a happy man if I could be with you  
Behind this eyes, I believe fantasies can come true  
It's in the ions, ions, ions, ions  
It's in the ions, ions, ions, ions

Find the time to be the man that you like to talk to  
In dreams it seems, I can be anyone you want me to  
It's in the ions, ions, ions, ions  
It's in the ions, ions, ions, ions

Love me, hold me  
Find me, on the off-beat  
Hold my hand, say I'm your man  
Take me down to the promised land

Oohh Ohhhh  
Oohh Ohhhh

Sunlight, moonbeams  
Your hands inside my dreams  
Hold me close, don't let go  
The promised land, away we go

Oohh Ohhhh  
Oohh Ohhhh  
Oohh Ohhhh  
Oohh Ohhhh

Home is where the heart is  
Down by the neighbor kids  
Back where we use our given names

Sweet, sweet curiosity  
Led me to this here street  
Please don't make this go away

Don't wake up, wake up, wake up

Here, we can do as we please  
Ohhh living free  
Oh take it day by day

Sweet, sweet curiosity  
Led me to this here street  
Please don't make this go away

Don't wake up, wake up, wake up  
Don't wake up, wake up, wake up  
Don't wake up, wake up, wake up
