

# You Can Be You

Saint Motel

Let it go  
I been told a million times let it go  
But I won't cause my mama said to hold on to hope

You can be right, you can be wrong  
You can be anything you want  
You can be you  
You can be you

When it's tough and the whole world brings dreams to a stop  
Don't give up  
Just remember you're loved no matter what

You can be right, you can be wrong  
You can be anything you want  
You can be you  
You can be you  
You can be you  
But you'll always be mine

Nowadays when I find myself in times of pain  
It's okay  
I still hear the words my mama would sing

You could be right, you could be wrong  
You could be anything you want  
You can be right, you can be wrong  
You can be anything you want  
You can be you  
You can be you  
You can be you  
But you'll always be mine

You can be right, you can be wrong  
You can be anything you want  
You could be right, you could be wrong  
You could be anything you want  
You can be you  
You can be you  
You can be you  
But you'll always be mine
