

# Idol Worship

Salem

There just one God  
There just one God  
There just one God  
There just one... God!

Those admiring beauty  
Those who worship skin  
Those who fight for freedom  
So they can live in sin

It's all just idol worshiping  
God's might we are adulterating  
Retreat!  
Yet believe we are advancing  
It's all just devil advocating

Trendy fashions the fountain of youth  
Mask your path and cloud the truth  
Don't cling to life yet throw it away  
Making Idols to whom in vain you pray

Those who're blinded by money  
Like those who live for sex  
Those whose lives are funny  
Yet they're popping pills for stress

It's all just idol worshiping  
God's might we are adulterating  
Retreat!  
Yet believe we are advancing  
It's all just devil advocating

There is just one God!

Trendy fashions the fountain of youth  
Mask your path and cloud the truth  
Don't cling to life yet throw it away  
Making Idols to whom in vain you pray

Those addicted shoppers  
And those who think they've won  
Like those who blame others  
Every time they use their gun

It's all just idol worshiping  
God's might we are adulterating  
Retreat!  
Yet believe we are advancing  
It's all just devil advocating

There is just one god  
There is one just
