

1000 Eyes

Saliva

I've watched this city, burn and turn to dust
I've seen the ashes rising, blacking out the sun
There is no religion left to save us now
This world's become a prison, no one's getting out

I walk alone through a crowd of a thousand eyes
So dead and cold, I walk alone
I walk alone with the shadows of empty souls
Just skin and bones, I walk alone

Now there's nowhere to run to, no place left to hide
There's blood in the waters and these streets aren't safe at night
Unless your finger's on the trigger of a loaded gun
Fighting like you're not afraid of anyone
We won't get out alive
I'm not scared to die

I walk alone through a crowd of a thousand eyes
So dead and cold, I'm walk alone
I walk alone with the shadows of empty souls
Just skin and bones, I walk alone

I walk alone through a crowd of a thousand eyes
So dead and cold, I'm walk alone
I walk alone with the shadows of empty souls
Just skin and bones, I walk alone

I walk alone
I walk alone
I walk alone
I walk alone
