

# Always

Saliva

I hear a voice say "Don't be so blind"  
It's telling me all these things  
That you would probably hide  
Am I your one and only desire?  
Am I the reason you breathe  
Or am I the reason you cry?

Always, always, always  
Always, always, always  
I just can't live without you  
I love you, I hate you  
I can't get around you  
I breathe you, I taste you  
I can't live without you

I just can't take anymore  
This life of solitude  
I guess that I'm out the door  
And now I'm done with you

I feel like you don't want me around  
I guess I'll pack all my things  
I guess I'll see you around  
It's all been bottled up until now  
As I walk out your door  
All I can hear is the sound of

Always, always, always  
Always, always, always  
I just can't live without you  
I love you, I hate you  
I can't get around you  
I breathe you, I taste you  
I can't live without you

I just can't take anymore  
This life of solitude  
I guess that I'm out the door  
And now I'm done with you  
I love you, I hate you  
I can't live without you

I left my head around your heart  
Why would you tear my world apart?  
Always, always, always, always

I see the blood all over your hands  
Does it make you feel more like a man?  
Was it all just a part of your plan?  
The pistol's shakin' in my hands  
And all I hear is the sound

I love you, I hate you  
I can't live without you  
I breathe you, I taste you  
I can't live without you

I just can't take anymore  
This life of solitude  
I guess that I'm out the door  
And now I'm done with you

I love you, I hate you  
I can't live without you  
I love you, I hate you  
I can't live without you

I just can't take anymore  
This life of solitude  
I pick myself off the floor  
And now I'm done with you  
Always, always, always
