

Famous Monsters

Saliva

Look at your life
Look at the way you slip and slide
Look at your time
Look at the ones that you've left behind
Look at your eyes
The haunted black circles of your plight
But you can get by
Oh! And killing you might take one more night

'Cause you're a famous monster
You do whatever they offer
You tie their noose
Around your neck
And they throw you over
'Cause you're a famous monster

Look at your mind
Look at the strength you never found
You lean on your pride
The only friend that would never let you down
Look at the signs
Look at the way they stop and stare
They're watching you die
And when you're gone it's like you weren't even there

'Cause you're a famous monster
You do whatever they offer
You tie their noose
Around your neck
And they throw you over
'Cause you're a famous monster
You do whatever they offer
You tie their noose
Around your neck
And they throw you over
'Cause you're a famous monster
