

Flesh

Saliva

How do you like it
Show me your dark secret
I wanna scrape you naked
I'm gonna take you down down down

I can tell you good to go yeah
Yo better do me like to blow yeah
Common a baby start the show
Like a born star, I wanna see your

Flesh
Let's go skin to skin
Maybe let me in, I know you know I want it.

Flesh
You're a downing dirty girl
Common rock my world, I know you know I want it.

Flesh
I want your flesh

So feel my hunger
I really wanna taste you
I wanna wait any longer
I'm gonna take you down down down

Tell me how you wanna make it.
AND how far you like to take it.
Running like you're gonna break it.
Like a born star, baby I want your

Flesh
Let's go skin to skin
Maybe let me in, I know you know I want it.

Flesh
You're a downing dirty girl
Common rock my world, I know you know I want it.

Flesh
I want your flesh
(Flesh, Flesh, Flesh, Flesh, Flesh, Flesh, Flesh, Flesh, Flesh, Flesh, Flesh)
)

I can tell you good to go yeah
Yo better do me like to blow yeah
Common a baby start the show
Like a born star, I wanna see your

Flesh
Let's go skin to skin
Maybe let me in, I know you know I want it.

Flesh
You're a downing dirty girl
Common rock my world, I know you know I want it.

Flesh
I know you know I want it.

Flesh
I know you know I want it.
