

Here with You

Saliva

Well I heard your voice on a Tulsa wind
When I was far away from home
I will come to you in a dream my friend
To love you when I'm gone

And there's never a second
Never a moment that you'll ever be alone

From Memphis to Oklahoma
From Boston to California
From Detroit to Arizona
I will always be forever,
Here with you

Well the first time I ever seen you face
I saw the ghost behind your eyes
Ever consuming me with your warm embrace
You're a woman and a child

And in just one second
Just one moment
It finally feels like home

In life there will be trials and troubles
But we will always have each other
And there will never be another woman in this world
