

Rise Up

Saliva

I wish couldn't go back to yesterday,
When I learned the truth about love and hate.
I figured out that life was just a game,
But I play to win so tell me who's to blame?

We point the finger at you.
So tell me what you think you're gonna do.

Rise up. Come face to face.
Rise up. Let's make a change.
Tomorrow could be the end.
Rise up. You better take a shot.
Rise up. When it's all you got.
Tomorrow could be the end.
Rise up.

And now when I go back to yesterday,
So close but still I'm so far away.
You know we all gotta learn from our mistakes,
I can't die young, I won't fade away.

It's time we choose a side.
It's time for do or die.
Somethings are worth the fight,
It's time to set it off.

Rise up. Come face to face.
Rise up. Let's make a change.
Tomorrow could be the end.
Rise up. You better take a shot.
Rise up. When it's all you got.
Tomorrow could be the end.

I wish couldn't go back to yesterday,
I wish couldn't go back to yesterday,

Rise up. Come face to face.
Rise up. Let's make a change.
Tomorrow could be the end.
Rise up. You better take a shot.
Rise up. When it's all you got.
Tomorrow could be the end.

Rise up.
Rise up.
Rise up.
Rise up.
