

# Your Disease

Saliva

In one moment I'm goin' all the way  
I make my poetry everyday  
And I'm frozen comin' right on time  
I froze my mind with that serious rhyme

And I'm open comin' up inside  
You know, my mind has got a grand design  
And I'm flowin', goin' all the way  
I make my point to be everyday, come on

And I wanna take you down but your soul cannot be found  
It doesn't matter much you see 'cause your disease is killin' me  
And you know it's only right 'cause it feels like paradise  
And I know nothin' is for free 'cause your disease is killin' me

My mind's broken, I'm goin' up in smoke  
If you breathe my toke I'm guaranteein' you choke  
And I'm chosen to testify the masses  
Wear dark glasses like the cops in Texas

All knowin' it's not a premonition  
Kill the competition like a man on a mission  
I'm blowin', comin' up inside like the Bee Gees cry  
I'm just stayin' alive, come on

And I wanna take you down but your soul cannot be found  
It doesn't matter much you see 'cause your disease is killin' me  
And you know it's only right 'cause it feels like paradise  
And I know nothin' is for free 'cause your disease is killin' me

So now I'm finally goin' down  
Can I find my way back home?  
Now there's no one else around  
Can I find my way back home?

Will I ever see the light  
Even though I'm fallin'?  
(Will there ever be any peace for me)  
Even though I'm falling

(Will there ever be any peace for me)  
Even though I'm falling  
(Will there ever be any peace for me)

And I wanna take you down but your soul cannot be found  
It doesn't matter much you see 'cause your disease is killin' me  
And you know it's only right 'cause it feels like paradise  
And I know nothin' is for free 'cause your disease is killin' me

And I wanna take you down but your soul cannot be found  
It doesn't matter much you see 'cause your disease is killin' me  
And you know it's only right 'cause it feels like paradise  
And I know nothin' is for free 'cause your disease is killin' me
