

Mystic Drum

Sally Oldfield

R:

Following the sound of the mystic drum
I can see the light
Oh, lighting up the way tonight!
Following the sound of the mystic drum
Beating out the way,
Oh, bringing down the rain.

Underneath the sky the earth is singing "Alleluia"
"Kyrie eleison et cum spiritu tuo"
All around I can hear the universe is singing
"Alleluia! Alleluia!" Oh Lord my heart's on fire!

R:

Bright the sun shining in heavenly splendour,
"Christe eleison kuma yo dominus vobiscum"
All across the skies is the light of paradise
Alleluia! Alleluia! All the earth now as one!

R:

Underneath the sky the earth is singing "Alleluia"
"Kyrie eleison et cum spiritu tuo"
All around I can hear the universe is singing
"Alleluia! Alleluia!" Oh Lord my heart's on fire!
