

Woman of the Night

Sally Oldfield

The sky is on fire with sweet desire!
The night is aflame, feel like I'm born again!
It's dark in the street but it feels like
Heaven is all around me!

Oh! I am a woman of the night.
Oh, Babe, I'm warm and tender.
Man of the light! Oh, I wanna surrender,
Oh, you'd be happy with me,
I really know how to set your fire!

The sky is on fire with sweet desire!
It's a magical life! And it's open invitation!
Under the sky, hey, won't you join in the celebration.
