Breathe In Life

Sam Brown

Breathe in life
Live the feeling
Feel the warmth inside

Throw your face back in the wind Feel the fresh air on your skin Stretch out your arms behind you Feel the warmth inside

Try, it's so easy

Breathe in life
Live the feeling
Feel the warmth inside

Like great big arms around you Hold you closely, bring you home Before you know it You can feel the warmth inside Try, it's so easy

Breathe in life
Live the feeling
Feel the warmth inside

Breathe...breathe...breathe...

Breathe in life Live the feeling Feel the warmth inside

Breathe in life
Got to live the feeling
Feel the warmth inside

Breathe...feel the warmth inside
