

# In Light of All That's Gone Before

Sam Brown

There are times in your life  
When things don't go the way you'd like  
And you become all too aware that nobody cares  
If you're wrong or you're right  
For what you need to get you by  
You're getting wise to the ways of this life

In light of all that's gone before  
I can deal with almost anything  
But I'm gonna make ready 'cos I think I know the score  
In light of all that's gone before

In retrospect you'll understand  
You know it like the back of you hand  
And when you're ready you will see  
That life's a beach, but it's made of quicksand

In light of all that's gone before  
I can deal with almost anything  
But I'm gonna make ready 'cos I think I know the score  
In light of all that's gone before

In light of all that's gone before  
I can deal with almost anything  
But I'm gonna make ready 'cos I think I know the score  
In light of all that's gone before

In light of all that's gone before  
In light of all that's gone before

In the light of it all  
In the light of all that's gone before  
In the light of it all  
In the light of all that's gone before  
In the light of it all
