

## Into The Night

Sam Brown

Into the night  
With no fear of the dark  
This soul made of light  
Is safe in my heart  
This child I hold dear  
It sleeps in my bones  
And will be born of no fear  
'Cos fear has no home here

I've been scared of joy  
And I've been scared of life  
I've been scared of spiders  
'Til I saw I'm alive  
I've seen myself fumble  
And I've seen myself fall  
I've seen my arms open  
And I've seen me stand tall
