

It Makes Me Wonder

Sam Brown

Been waiting for this train to come
Could be an hour or maybe some
Don't want to be here anymore
Do you have any idea
How long I've waited for this train

Picking up people along the way
A roller coaster another day
Climb aboard and slam the door
Don't want to be tied here anymore

Oh and it makes me wonder
Oh and it makes me wonder
If you need it if you don't
Could you leave it all to be alone
And it makes me wonder

Been waiting for this day too long
Looking for somewhere to run
Taking a ticket the other way
You better make up your mind
If you go or if you stay
