

## Learn To Listen

Sam Brown

All of the wisdom in the world  
Won't help me to make a decision  
Words of comfort ease the way  
But if only I'd learn to listen

Carefully bound in self control  
I'm deaf to the voice of reason  
Things I have lost are retrievable  
If only I'd learn to listen  
If I'd only learn to listen

Troubles abound my pride ridden life  
Solutions are always near me  
Advice I am offered I consistently refuse  
If I'd only learn to listen  
If I'd only learn to listen, life would be easy  
If only I'd learn to listen
