

Out Of Focus

Sam Brown

Pull me in
Pull me into frame
I'm blurred at the edges again
You can see
See that I've missed the point
My concentration span is non-existent

I'm out of reach
Out of body
I'm out of my mind
I'm out of focus

For me
For me it's important
To see it all clearly, to be in the moment
Or it's gone
It's gone right by me
And before I know it, my life's behind me

I'm out of reach
Out of body
I'm out of my mind
I'm out of focus

Out of it, out the door
I'm all out of milk, I'm out of focus

I'm out of reach
Out of body
I'm out of my mind
I'm out of focus

I'm out of reach
Out of body
I'm out of my mind
I'm out of focus
