

Piece Of My Luck

Sam Brown

I saw a bit of silver shining in a puddle
I was gonna pick it up
But I didn't want to get my hands muddy

I saw you leap in
So quick to jump in
I saw the look in your eyes
Searching for something

You want a piece of my luck
Go ahead and take it

You want a piece of my cake
When I haven't even baked it
You want a piece of my head
When I haven't even maked it

You want a piece of my luck
Go ahead and take it

I went a walking under a ladder
The bucked fell on your head
That didn't matter
I saw you falling thought you were crying
I saw the look in your face
Knew your were lying

You want a piece of my luck
Go ahead and take it

You want a piece of my cake
When I haven't even baked it
You want a piece of my head
When I haven't even maked it

You want a piece of my luck
Go ahead and take it
