

# Rainbow

Sam Brown

You coloured me red  
The words you spoke said  
Took me over with mauve  
As the mood in my head  
The night blackest rose  
Seeping in through my clothes  
But indigo went  
And now I am spent

Our love is a rainbow  
A rainbow to you  
Our love is a rainbow  
A rainbow to you

My greenness erased  
Think I'm out of phase  
Lost in turquoise this smoke  
Is this some kind of joke  
You coloured me red  
As I lay in your bed  
Now in drowning in blue  
And our love is dead

Our love is a rainbow  
A rainbow to you  
Our love is a rainbow  
A rainbow to you

Our love is a rainbow  
A rainbow to you  
Our love is a rainbow  
A rainbow to you
