

## Almost in Your Arms

Sam Cooke

You're here, that moment's near,  
I'm almost in your arms  
Tonight, the mood is right,  
I'm almost in your arms

One sigh, one word  
and I will rush to your embrace  
Say that certain word,  
sigh that certain sigh  
And with all my heart,  
to your arms I'll fly  
It's strange, how we are changed  
by things that seem so small  
One look can write a book,  
one touch can say it all

We know those nights alone,  
and now we found our way  
I'm almost in your arms,  
nearly in your arms to stay

[repeat first and last verse]
