

# I'm Just a Country Boy

Sam Cooke

(I've got silver in the stars  
And gold in the morning sun)

I ain't gonna marry in the fall  
I ain't gonna marry in the spring  
Oh, for I am love with a pretty little girl  
Who wears a diamond ring

And I am just a country boy, money have I none  
Oh, but I've got silver in the stars  
And gold in the morning sun  
I have gold in the morning sun

I never gonna kiss the ruby lips  
Of the prettiest girl in town  
Oh, I'm never gonna ask her if she'd marry me  
'Cause I know she'd turn me down

'Cause I am just a country boy  
Money, money have I none  
Oh, but I've got that silver in the stars  
And gold in the morning sun  
I have gold in the morning sun
