Try A Little Love

Sam Cooke

Be nice to her whenever you can and when you cross the street always, always hold her hand you'll find out, O, just a little love goes a long way

so, smile at her when she does something wrong always be there to pick her up and to make her strong you'll find out a little love, o-o-o a little love goes a long, long way

If you be kind, sometimes she'll be blind to the wrong things that you might do if you treat her good the way that you should she'll see the goodness in you

so, be sweet to her and gentle too
then you will find out what
just a little, a little love can do
you'l find out that a little love goes a long way

if you treat her kind, sometimes she'll be blind to the wrong things the wrong things you might do if you treat her good the way that you should she'll see the goodness in you

so, be sweet to her and gentle too
and you'll find out what
a little love can go
you'l find out, find out, find out, a little love can go a lon
g, long way
