## **God Is Watching You**

Sam Phillips

When your life's about to start God is watching you When you have a shattered heart God is watching you When you're a slave and when you're freed God is watching you When what you call love's really need God is watching you

God is watching you God is watching you

When you wake up in the night God is watching you When you're dancing in the light God is watching you When you don't need to use force God is watching you When you don't ever feel remorse God is watching you

When you're a hero to us all God is watching you When you take that fated fall God is watching you When you hide your head in the sand God is watching you When you find a brand new land God is watching you

When out of fear you judge your friend God is watching you When you let a stranger in God is watching you When you always have to win God is watching you When love requires that you give in God is watching you

When you play the cards you're dealt God is watching you When you won't reveal yourself God is watching you When you believe enough to die God is watching you When you say your last goodbye God is watching you
