I Need Love

Sam Phillips

I left my conscience Like a crying child Locked the doors behind me Put the pain on file Broken like a window I see my blindness now And I need love Not some sentimental prison I need God Not the political church I need fire To melt the frozen sea inside me I need love Driving into town Tired and depressed Like a flare The streetlight bursts an S.O.S Peace comes to my rescue And I don't know what it means But I need love Not some sentimental prison I need God Not the political church I need fire To melt the frozen sea inside me I need love Broken like a window I see my blindness now And I need love Not some sentimental prison I need God Not the political church I need fire To melt the frozen sea inside me I need love I need love I need love
