

What Do I Do

Sam Phillips

What do I do when I want to
Be as close as I can get to you?
I feel like a cruel girl
Saying both yes and no
I want you to want me
I need to trust you though

What do I do when I fall through
Fears so long and dark that I lose you?
I feel like a lost girl
Letting my torn heart show
If you're so far away, boy
How will you ever know?

What do I do? (Oh)
What do I do? (Oh)
Oh

I feel like a small girl
Falling beneath your form
If I set you on fire
Will you keep me warm?

What do I do when I want to?
What do I do when I want you?
(What do I do, what do I do)
