

# Uprising Down Under

Sam Roberts

You feel the weight of the world on your shoulder  
As every day gets shorter and colder  
And hand in hand we walk through a land of fire  
The mountains bleed red as the sun gets higher

All the things that you want, I'll provide  
Till your footprint is swept away by the tide  
I can wait for a while, I don't mind  
I can wait for a while 'cause I got time

I wish it was less of the way it is  
I wish it were more of the way it could be  
You can put your faith in me for a while  
In the end I hope you're free 'cause I'll be out of style

All the things that you want, I'll provide  
Till your footprint is swept away by the tide  
And I can wait for a while, I don't mind  
Yeah, I can wait for a while, I got time, I got time

Whoever said you can't be saved by a song?  
Whoever said that was stringing you along  
We're all afraid to be dead and gone  
This will live on, it will live on, it will live on

And all the things that you want, I'll provide  
Till your footprint is swept away by the tide  
And I can wait for a while, I don't mind  
Yeah, I can wait for a while, I got time

And all the things you're looking for, I hope you'll find  
Before your footprint is swept away by the tide  
And I can wait for a while, I don't mind  
Yeah, I can wait for a while, I got time  
And I can wait for a while, I don't mind  
Yeah, I can wait for a while, I got time, I got time
