Midnight Train

I choose me And I know that's selfish, love You are a dream And I can't thank you enough But I give another piece of me away Every waking day that I'm with you

Am I a monster? What will your family think of me? They brought me in They helped me out with everything But I give a little piece of me away Every single day

So I pick up the pieces I get on the midnight train I got my reasons But darling I can't explain I'll always love you But tonight's the night I choose to walk away

Love you so much That I have to let you go I'll miss your touch And the secrets we both know But it would be wrong for me to stay And I'll just give you hope

So I pick up the pieces I get on the midnight train I got my reasons But darling I can't explain I'll always love you But tonight's the night I choose to walk away

I can't stop crying I hate that I've caused you pain But I can't deny it I just don't feel the same I'll always love you But tonight's the night I choose to walk away

So I pick up the pieces I get on the midnight train I got my reasons But darling I can't explain I'll always love you But tonight's the night I choose to walk away
