

# 21st Century Life

Sam Sparro

When I was a little boy  
Living in the last century  
I thought about living in the future  
Then it occurred to me  
I turned around the future was now  
The future was all around me  
Nothing like I imagined  
It was totally confounding

21st century life  
I got swept away  
I got 21,000 things that I got to do today  
21st century life  
Well what can I say?  
The new world got me feeling so dirty  
Think I need to get down and play

Well now I turned on the TV just in time to hear what the Pope said, Pope said  
id  
And just a few tiny words later  
Somebody wants the man dead  
What about famine and disease  
Well they said it's too bad  
Because I'm never alone  
It's not just a phone  
It's a stereo

21st century life  
I got swept away  
I got 21,000 things that I got to do today  
21st century life  
What can I say?  
The new world got me feeling so dirty  
Think I need to get down and play

Now I'm not a little boy  
I'm in the 21st century  
Well you might think we've come a really long way, but there's still no equality  
I watched the news on my computer screen  
Talking about buying my weed out of a vending machine  
You tell me I'm free  
But how can it be  
When you're always watching me on the CCTV

21st century life  
I got swept away  
I got 21,000 things that I got to do today  
21st century life  
What can I say?  
The new world got me feeling so dirty  
Think I need to get down and play

21, 21, 21  
I'm talking about 21, 21
