

Hearts Like Us

Sam Sparro

We are not alone
We are not what you think we are
We are not alone
We are not what you think we are at all

They don't understand
We can't stop once we've started again
They don't understand
We can't stop once we've started again

Hearts like us keep running 'cause we can't come down
We built these walls so you'd never find us out
We won't be told we're too far above the clouds
Hearts like us, we can't come down

You are not alone
You are not what they say you are
You are not alone
You are not what they say you are at all
At all
At all

Hearts like us keep running 'cause we can't come down
We built these walls so you'd never find us out
We won't be told we're too far above the clouds
Hearts like us, hearts like us
Hearts like us, hearts like us

You are not alone [x6]

Hearts like us keep running 'cause we can't come down
We built these walls so you'd never find us out
We won't be told we're too far above the clouds
Hearts like us, we can't come down
