I know I can't take one more step towards you 'Cause all that's waiting is regret
And don't you know I'm not your ghost anymore
You lost the love I loved the most

I learned to live half alive And now you want me one more time

And who do you think you are? Running around leaving scars Collecting your jar of hearts And tearing love apart You're gonna catch a cold From the ice inside your soul So don't come back for me Who do you think you are?

I hear you're asking all around If I am anywhere to be found But I have grown too strong To ever fall back in your arms

I've learned to live half alive And now you want me one more time

And who do you think you are? Running around leaving scars Collecting your jar of hearts And tearing love apart You're gonna catch a cold From the ice inside your soul So don't come back for me Who do you think you are?

And it took so long just to feel all right
Remember how to put back the light in my eyes
I wish I had missed
The first time that we kissed
'Cause you've broke all your promises
And now you're back
But you don't get to get me back

And who do you think you are? Running around leaving scars Collecting your jar of hearts And tearing love apart You're gonna catch a cold From the ice inside your soul So don't come back for me Don't come back at all

Who do you think you are? Who do you think you are? Who do you think you are?
