

# Shadow

Sam Tsui

Bags all packed, make sure you remember everything  
No looking back , no more. Not for anything  
This is what you wanted, isn't it?  
Clear it out just like you've never been  
What's a goodbye good for , anyway?

There's nothing left of you to remind me  
But somehow you're still standing behind me

I'm trying hard to forget you  
But my empty walls won't let me let you go  
When you took it all, you forgot your shadow  
You say you wish me well without you  
But something 'bout you tells me that you know, oh, oh

When you took it all you forgot  
Your shadow, your shadow  
When you took it all you forgot  
Your shadow, your shadow, oh, oh

Hide all your photographs,  
But I can feel you watching me  
How long does your memory last?  
It's time I ought to be  
Moving on and getting over you  
I bet it looks like I'm not even trying to  
Here all alone, my past on the walls

With nothing left of you to remind me  
So why are you still standing behind me

I'm trying hard to forget you  
But my empty walls won't let me let you go  
When you took it all, you forgot your shadow  
You say you wish me well without you  
But something 'bout you tells me that you know, oh, oh

When you took it all you forgot  
Your shadow, your shadow  
When you took it all you forgot  
Your shadow, your shadow, oh, oh

It's always there, too close, too much  
The shape of something I can't touch  
I turn, and find the shadow's grown  
Those empty eyes I begged to stay  
Are watching me from yesterday  
You can leave me ,can you leave me alone?

I'm trying hard to forget you  
But my empty walls won't let me let you go  
You say you wish me well without you  
But something 'bout you tells me that you know, oh, oh

When you took it all you forgot  
Your shadow, your shadow  
When you took it all you forgot

Your shadow, your shadow, oh, oh

Your shadow, your shadow

Bags all packed, make sure you remember everything
