

## Messenger of the Light

Samael

I am the envoy of the son of the dawn  
A slave to the star of the morning  
I am here to prepare the coming of our lord  
To overthrow the thesis of Metatron  
To contradict the resurrection of pig  
See the ones that will rise - will die  
And I'll torment their souls  
Beyond the Styx and Acheron  
Beyond the kingdom of Hades  
I am the envoy of the son of the dawn  
A slave to the star of the morning  
See in me our ideal  
See in me our new god
