Solar Soul

Go if you want to know what's behind those hills Run if you want to catch what's waiting there for you Walk through another door ...on another floor Learn how to get across if you want to come through

Look for the missing link between your dreams and reality find it, it is the key

Push aside yesterday push aside tomorrow the only time is now what we got is today

One nation-generation Connecting people in a collective mind

Emergence - Renaissance
The world is in your hands don't let it slip away

Ask and you're gonna get wait and you'll see lives more than we think and way more than they say yes we do believe there's no ending to what we've started once it will go on and on

Team up with the best trust in providence ...it will favour your undertakings

Push aside yesterday push aside tomorrow the only time is now what we got is today

One nation-generation Connecting people in a collective mind

Emergence - Renaissance
the world is in your hands don't let it slip away
