

Boundaries of Love

Samantha Fox

You say you love me
But only when you need me

You say you love me
But when you need
But only you see your loneliness
So put my arms around you
Feel that love surrounds you
Discovering the boundaries of love

Boundaries of love
Can you shake it of
The boundaries of love
Can you shake it of
The boundaries of love
Boundaries of love
Can you feel it
Boundaries of love
Can you feel it
Boundaries of love
Can you bare it

When I say that I love you
I don't know can you feel the pain
This way, that way
My head's in a circle
My body's weak
But my heart is full of you

Boundaries of love
Can you shake it of
The boundaries of love
Can you shake it of
The boundaries of love

You say you love me
Boundaries of love
You say you love me
But only when you need me
Boundaries of love

Can you feel
The boundaries of love

You say you love me
But when you need me
But only you see your loneliness
So put my arms around you
Feel that love surrounds you
Discovering the boundaries of love

Boundaries of love

Can you shake it of
The boundaries of love
Can you shake it of
The boundaries of love boundaries of love

Can you feel it
Boundaries of love
Can you feel it
Boundaries of love...
