

Cause An Effect

Samantha Fox

Look in the eyes of your soul
And you'll see all you need to see
It takes a lifetime to learn
What you do will eventually come back to you

Why do we pleasure the pain
Naked alone get out of the rain
Just like a child, misunderstood
You're not to blame

You cause an effect
You're not to blame
You cause an effect
You're not to blame
You cause an effect
You're not to blame

Eyes see me
Eyes see me, life loves me,
Eyes see me, life loves me
Eyes see me, life loves me

Eyes see me
Eyes see me, life loves me,
Eyes see me, life loves me
Eyes see me, life loves me

How do you know what you really feel
Is it real or a fantasy
Are your intentions another disguise
For your vanity
You're beautiful

We're always counting the cost
In broken shadows re-living the loss
But in our dreams we played heroes and queens
You're not to blame

Cause an effect
You're to blame
Cause an effect
You're to blame
Cause an effect
You're to blame

Eyes see me, life love, come back to you
