

# I Promise You

Samantha Fox

You never touch anything till it touches you  
And oh when you touch me  
I feel beautiful for you

So hold me tight tell me you'll never leave my side  
Stay loving me boy - loving you boy all the time

Hey!

I promise you I'd take you away - get ready! get ready!  
I'd promise you I'd take you away - get ready! get ready!

Your lips, your breath, you give me the softest caress  
And oh when you kiss me  
I'd do anything for you (for you)

So hold me tight, tell me you'll never leave my side  
Stay loving me boy - loving you boy all the time

Now I, I've seen you laughing  
Now I, I've seen you laughing

Hey!

Your eyes, it's something in your eyes
