

Let Me Be Free

Samantha Fox

Do what you wanna dodo
What you wanna dodo
What you wanna dodo
What you wanna dodo
What you wanna dodo

What you wanna dothere
Was a timewhen we did all
The things we wanted to do

You were herefor meand
Gave me lovingwhen I needed you
Make up your mind
And give me the answer
I guess you wanted to know this from me

No painno tears
I'm telling you
Just let me be free

You can do what you wanna
Say what you wanna
Just let me be free

You can do what you wanna
Say what you wanna
Just let me be free

You can do what you wanna
Say what you wanna
Just let me be free

Living with you ain't
Just the same as we did before
To be honest with you
I don't wanna be your lover

Make up your mind
And give me the answer
Where are we going
Together from here

No time for tears
I don't want this no more
Please let me be free
Let me be freelet me be free

Do what you wanna dodo
What you wanna dodo
What you wanna dodo
What you wanna dodo
What you wanna dodo
What you wanna dodo
Let me be freelet me be free
