

Nice And Slow

Samantha Fox

Don't want fashion, it's gone in a day
Don't want money, I'll blow it away
I don't want a fast car to get me to go
I don't need nasty toys, dirty Polaroids

'Cause it's better when you take it
Nice and slow
'Cause it's better when you take it
Nice and slow

Don't need beauty when you got it all
Don't want freedom when you keep me warm
I don't need another drink to get me to go
I don't need nasty toys, dirty Polaroids

'Cause it's better when you take it
Nice and slow
'Cause it's better when you take it
Nice and slow

Never be lonely I'll never feel cold
Never be down and I'll never feel old
Never be lost when it's all up to your love
I'm not mistaken

'Cause it's better when you take it nice and slow
'Cause it's better when you take it nice and slow
'Cause it's better when you take it nice and slow
'Cause it's better when you take it nice and slow
