

## Out Of Our Hands

Samantha Fox

If I had my way, I would be by your side today  
Some other time, some other place  
One perfect night, a vision of paradise  
Away from the world and into the light

Oh, when there's no one left to turn to  
Oh, when there's nowhere left to go

Is the answer being out of our hands  
Through the fog this we can't understand  
Tossing coin of a scene how we learned it's out of our hands

I don't know why the time that we have just flies  
Now out of the door, and into the light  
Watching you go, though goodbyes are long and slow  
And after the high, you live with the low

Oh, and when there's nowhere left to hide
