

# Saving It Up

Samantha Fox

Saving it up  
Giving it some (giving it some)  
Saving it up (saving it up)  
Giving it some all the night long

Ever since I saw you  
Making eyes at me  
I can't take my mind off you  
It's electricity

I ain't one for foolin'  
Of saying what I mean  
You're asking many questions  
Ooh it's time to come clean

All the boys will  
All the toys ain't  
Ain't doin' it for me  
Can't you see  
Enough's enough  
I'll be  
Saving it up  
Offer you faith  
And we'll be giving it some  
All night long  
(Saving)  
I'll be saving it up  
Offer you faith  
And we'll be giving it some  
All night long (All night long)

I know your mother warned you  
All about girls like me  
She knows just what you're up against  
Sexuality

Your ma and pa they do it  
That's how they got you  
Fox is the slyist animal  
You'll find in any zoo

(Shoo wap wap)  
You see it's not the man in my life  
It's the life  
(Shoo wap wap)  
In my man  
So when I say I'm saving it up  
I'm just saving it for the one I love

Saving it up  
Offer you faith  
And we'll be giving it some  
All night long (all night long)

Saving it up, giving it some  
Offer you faith  
And we'll be giving it some

All night long

I'll be saving it up, saving it up  
Offer you faith  
And we'll be giving it some  
All night long
