

Threw Our Love Away

Samantha Fox

Don't you know when I saw you babe
I, wanted you to come with me
By my side now and forever
Wrapped up in our fantasy

The touch of your skin
Gave me my dreams
You didn't say, that you'd break my heart

Threw our love away.... Away

So I surrender now that I'm, free again
Loving you was all to easy, I've
Only got myself to blame

The touch of your skin gave me my dreams
You didn't say that you'd break my heart
Ahh

Threw our love away
Ahh
Away

Don't you know when I saw you babe
I wanted you to come with me
By my side now and forever

Wrapped up in our fantasy
The touch of your skin gave me my dreams
You didn't say you'd break my heart

Threw our love away
Ahh
Away

Threw our love away
Ahh

Away
Threw our love away
Ahh

Away
Threw our love away
Ahh
Away
Ahh
