

# Walking On Air

Samantha Fox

So did you think that maybe I'd refuse  
Or did you know I'd fall for you  
You made a pass, I trembled in my shoes  
It's a fairytale coming true  
You've been the theme of a million dreams  
You've answered every prayer  
Answered my prayer

Iiiiiii  
I'm walking on air  
Head in the clouds  
Oh woh oh oh oh  
Iiiii  
I'm walking on air  
Above the crowd  
Head in the clouds

I feel a shiver when you steal a kiss  
I miss a beat inside my heart  
I'd cry a river if I lost all this  
Though we barely got past the start  
You realize when true loving arrives  
The minute that it's there  
Minute it's there

Oh oh I'm walking on air  
I'm so happy you are there  
So happy you are there  
You've been the theme of a million dreams  
You've answered my prayer  
Answered my prayer

Iiiiiii I'm walking on air  
Head in the clouds  
Oh woh oh oh oh  
Iiiiiii I'm walking on air

I'm walking on air  
Above the crowd  
I'm walking  
I'm walking  
Head in the clouds

Because of you boy...
