

# Your House or My House

Samantha Fox

Let's go, let's go, let's go...  
OK, are we gonna do this or what?  
You want to play?  
(What you gonna do?)  
I do

I caught you staring across the road  
Sending me the sign  
You're too cool to make your move  
But I know what's going on in your mind  
I'm not into playing silly games  
So, blow it hard and cold  
Got my number and you know my name  
Come on make your move 'cause I'm ready  
Let's go!

To your house or my house  
What you want to do, I'll leave it up to you  
Your house or my house  
Stop playing for sign  
And make up your mind

Let's go, let's go, let's go...  
To your house or my house  
Let's go, let's go, let's go...  
Baby---

I can see you're king of the house  
But can you pass my acid taste  
I know you've got all of the moods  
But now you're moving with the bass  
You can check your body  
Can you catch my groove  
Then we found far the valuable land  
Come on and show me what you can do  
We now get you to fall away from your ground

Let's find a place where we're away from the night  
Can't step into my right baby  
I know you think I'm crazy  
Straight up is the deal  
You never do that, do you?  
If you got what you feel---

Ooh, ooh, what you gonna do?  
Ooh, ooh, what you gonna do?  
Ooh, ooh, what you gonna do?
