

# Always

Samantha Jade

I like the things you do,  
I like the way you move  
You got them baby blues  
Just got me like, just got me like

You and your magic touch,  
I just can't get enough  
You're all I'm thinking of  
Every night, every night

Oh you know, you know  
Can't get you out my head  
You can have it all  
In this heart of mine

As long as you love me, love me  
In every way  
I will be calling, calling your name  
So say that you love, love me  
And I'll do the same  
We will be falling, falling always  
Always, hey, always  
Always, hey, always, always

You like to hold my hand  
You like it when I'm mad  
Say I'm the best you had  
Tell it right, tell it right

Them other boys they quit  
They don't know what of this  
But sure you never miss  
Get it right, get it right

Oh you know, you know  
Can't get you out my head  
You can have it all  
In this heart of mine

As long as you love me, love me  
In every way  
I will be calling, calling your name  
So say that you love, love me  
And I'll do the same  
We will be falling, falling always

Always, hey, always  
Always, hey, always, always.  
Always, hey, always  
Always, hey, always

Oh you know, you know  
Can't get you out my head  
You can have it all  
In this heart of mine

As long as you love me, love me

In every way  
I will be calling, calling your name  
So say that you love, love me  
And I'll do the same  
We will be falling, falling always

Always, hey, always  
Always, hey, always  
Always, hey, always  
Always, hey, always, always
