Peep the lil switch when I seen you walkin  
I know what I mean, no need for talkin  
Young Knox really tryina see what's poppin  
Your body ripe in them jeans you rockin  
No question, I pull up, you hop in  
No question girl, you stay on my mind  
You so right, so tell me what you wanna do

You got that so boy  
Out of control boy (I got that what?)  
You got that oh boy  
So what you wanna do?

I know you like my playa swagger  
Prolly take less than a day to bag  
You feel sorry for the dude who used to have ya  
There's no reason for me to ever let you go  
You look good from your head to your toes  
Designer clothes and your pedicured toes  
How are you ever gonna know?  
How much I want you, how much I want to touch you  
Get your grown woman on in Manolos  
Know you sick of that so with them boys with no dough  
Being broke for Knox, that's a no no  
Coming to America, let your soul glow  
Girl, you're boiling hot  
Til the point I wanna spoil you rotten  
Damn, but who better with the flow?

And I'm feelin you, what you need to do

You like Knox take it easy, I need you girl  
From the first time we met I regret not layin the game  
Nah girl, I ain't playing no games  
Cause you the one I want in my life, stay fly together
