

# Paralized

Samantha Jade

Have you even noticed  
That you really let me down?  
But baby I still believe somehow  
Cause I'm sitting here waitin  
Prayin that you'd come around

And I just can't live without you  
You here with me  
Somehow  
You just can't see

I'm paralyzed  
Cause I still see who I fell in love with  
In your eyes  
I'm paralyzed

It's like something died  
And I'm desperately tryina bring you back into my life  
I'm paralyzed  
Over you

Now my heart's achin'  
I'm dying, all alone inside  
Guess we're all out of tears to cry

But I'm still here tryin  
Made a promise I'd be by your side  
And I just won't live without you  
Can't you see?

I'm paralyzed  
Cause I still see who I fell in love with  
In your eyes  
I'm paralyzed

It's like something died  
And I'm desperately tryina bring you back into my life  
I'm paralyzed

Can all I'm taking back the dreams  
Might feel unconditionally  
Baby find your way home to me

I'm paralyzed  
Cause I still see who I fell in love with  
In your eyes  
I'm paralyzed

It's like something died  
And I'm desperately tryina bring you back into my life  
I'm paralyzed  
Over you

I'm paralyzed  
Cause I still see who I fell in love with  
In your eyes  
I'm paralyzed

It's like something died  
And I'm desperately tryina bring you back into my life  
I'm paralyzed  
Over you

You will let me down  
Mmm...
